

Acceptable Use Policy

Version: 1.0 Draft. Effective date: [insert date].

Important legal note: this document is a drafting template prepared from business instructions. It must be reviewed by counsel admitted in the Sultanate of Oman before publication, especially for virtual asset, escrow, consumer, AML/CFT, arbitration and personal data requirements.

5. Acceptable Use Policy

Illegal services, fraud, phishing, malware, ransomware, botnets, credential stuffing, spam, sanctions evasion, money laundering, terrorist financing, darknet activity, sale of stolen data, unauthorized security testing and any action without lawful basis are prohibited.

The Platform may not be used for weapons, drugs, human exploitation, extremism, forged documents, impersonation, intellectual property infringement or unlawful personal data processing.

It is prohibited to bypass DevBay fees, move a transaction off-Platform after contact on DevBay or use chat to conclude hidden transactions.

DevBay may block, delete, freeze and disclose information about violations to relevant persons and authorities.
